# Science and Engineering Fair

**Riverside, Inyo, Mono and San Bernardino (RIMS) Inland Science & Engineering Fair was held on April 2-3, 2013, at the National Orange Show Events Center in San Bernardino and Riverside Municipal Auditorium in Riverside. It was a huge success. This year we had nine hundred and thirty two (932) students participating in the Science and Engineering fair. They came from eighty three (83) School Districts and private schools representing three hundred and thirty three schools (333). RIMS sent sixty seven (67) projects to the State Science Fair. They placed five 1st place, two 2nd place, one 3<sup>rd</sup> place, five 4<sup>th</sup> place, and five Honorable Mentions. One project received SCAQMD Air Quality/Climate Change Award and the other received Honorable Mention for American Institute of Aeronautics and Astronautics (AIAA) Award. Four projects were sent to compete at the Intel International Science and Engineering Fair in Phoenix, Arizona.**

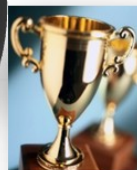

The Inland Empire Section sent over thirty (30) people to assist and Judge. At the same time, we offered three scholarships, one for each Division. The Elementary Division winner, Grades 4 and 5, was awarded \$300. The Junior Division winner, Grades 6 through 8, was awarded \$700. The Senior Division winner, Grades 9 through 12, was awarded \$1,000.

## Awards Ceremony

**On Thursday, May 2, 2013 the Inland Empire Section PEGG participated in the "2013 Bring Your Child to Work Day" activities at the Caltrans District 8 office in San Bernardino. They had the unique educational opportunity of getting to know how the Department of Transportation works, to talk and learn from people who do the jobs at Caltrans and explore possible future careers for themselves. The Inland Empire Section Presentation was on building bridges with popsicle sticks. We also showed some of the videos from our PEGG Video Gallery.**
