**CANDIDATE STATEMENT:**

Currently, I volunteer for our Section's officers in whatever they need. If our officers need certain supplies purchased, extra volunteer work, booth set up, etc., I am there to ensure to the best of my abilities that a helping hand is there whenever PECG needs. I believe in the importance of PECG's presence to represent our members in every step of our careers.

If elected, I will continue to help PECG and provide support to other Section officers. I will hear your concerns and recommend actions to improve our Section. I would like to recruit more members to build a sense of togetherness and create something unique to our Section. It may seem farfetched, but I believe in our potential and the limitless possibilities that we have. Also, I would like to bring more activities to our Section in which our members can volunteer to improve our communities within our Section.

Together we are stronger.

Thank you for your time and consideration. I appreciate your vote.
