

**2024
PECG
Inland Empire Section
President Elect**

NAME OF CANDIDATE:
CLASSIFICATION:
DEPARTMENT OR AGENCY:
WORK LOCATION (CITY):
YEARS OF STATE SERVICE:

Leo Ortega
Transportation Engineer (Electrical)
Caltrans
Fontana
4

WORK EXPERIENCE:

During college, I was an IEEE Historian and Part Manager. As Historian, I kept record of the past/current activities while marking what the IEEE represents. As parts manager, I kept record and purchased electronic parts needed for IEEE functions. Upon completing my degree at UC Riverside, I have worked 3 years in the Electrical Maintenance group where I am responsible for communications of various Caltrans field elements such as CCTV, CMS, TMS, and Irrigation systems to the TMC in Fontana. I have worked 1 year in the TMS Operations Support group. I am responsible to represent Traffic Operations on joint Construction/Maintenance/Operations field review of construction projects and functions.

PECG EXPERIENCE:

I have been a member of PECG since starting here at Caltrans. I have served officially 1 year within the IEPECG board as Secretary. I also have helped organize and setup at numerous Section functions including section meetings, science fairs, & outreach events.

CANDIDATE STATEMENT:

I am excited and honored to be nominated to serve in the position of President-Elect for the Inland Empire Professional Engineers in California Government (IEPECG) and its members. I have been a PECG member since starting in Caltrans. I regularly attend Section meetings and have participated in various/available activities. I am proud to be involved with this PECG organization. I am fully committed and ready to be an effective leadership for our PECG members and continue to work hard to keep our organization stronger for the future. I promise to work hard to ensure that the best interests of the PECG members are kept at the forefront. I respectfully ask for your vote and look forward to serving this Section.
